

Start to Finish in Less than 2 Minutes!

Ride-On (TPS)™ metered hand pumps and tools are designed to the highest engineering standards to allow a user to easily pump Ride-On™ TPS tyre sealants into tyres against pressures of up to **4.14 Barr**. Each hand pump is calibrated to accurately pump from one to ten ounces of Ride-On™ TPS per pump stroke, and allows the operator to adjust the volume in one ounce increments. When installed during mount-up, you can treat a medium truck tyre with Ride-On™ in less than 2 minutes.

Features

- **183 cm of reinforced hose** - Withstands pressures up to **20.7 Barr** and allows for mobility and reach. Drum Pumps are supplied with ten feet of hose.
- **Quick-connect chuck** - Allows the pump hose to be attached to the valve stem securely without the need to deflate the tyre.
- **Built to last** - Hand pumps have anodized aluminum pump bodies, stainless steel ball check valves, special internally lubricated o-rings for smoother operation, and heavy-duty nylon handles and pistons, and aluminum pump shafts for years of trouble-free service.
- **Easy to maintain** - Hand pumps have been designed to be easily dismantled for cleaning and servicing without the need for tools.
- **Optional tool kit** - Everything needed to install Ride-On™ TPS in single or dual wheel axles is included with the optional pump Tool Kit. The Tool Kit is supplied with 2 valve core tools, 2 injection adapter tools, and a 40-page "Dosage Table and Installation Instructions Manual".
- **Configured for your needs** - The optional Tool Kit is available with our 5-gallon pail or 55-gallon drum Hand Pumps.

- **HP-100** - Motorcycle Hand Pump with motorcycle chuck.
- **HP-200** - 5-Gallon pail Hand Pump.
- **HP-300** - 5-Gallon pail Hand Pump and Tool Kit.
- **HP-400** - 55-Gallon drum Hand Pump and Tool Kit.
- **HP-500** - 55-Gallon drum Hand Pump.

Optional Tool Kit

A Reputation You Can "Ride-On"

INOVEX Industries, Inc. has earned its reputation by providing the world's most advanced tyre sealing solutions to commercial and professional fleets.

Ride-On conformed to the **SABS** chemical analysis, road and dynamic radial fatigue tests. For the complete report please visit our website:

*For large fleet applications try our **ROTIS™** automatic pump. With **ROTIS™**, you accurately inject Ride-On into fully pressurized tyres (**7.9 Barr**), on or off your vehicles, up to **15.24 m** away from the product source. No more hand pumping. And, no more wasted time re-inflating tyres.*
