To Whom It May Concern:

This letter serves as a confirmation that Ride-On South Africa is a preferred supplier to East Rand Toyota & Lexus, both members of Unitrans Motors SA.

Ride-On CHS is one of our value added products that we offer to all our new and pre-owned customers as an added safety feature based on the conditions of our roads in SA.

We also promote the ability of Ride-On CHS to extend the life expectancy of a tyre seeing that the recommended set pressure maintains for longer periods.

An important factor to consider, and the reason why our dealership promotes Ride-On CHS, is the fact that Ride-On CHS does not cause balancing problems.

We would recommend Ride-On CHS to all dealerships in South Africa not only as a value added product for there customers but also as a substantial profit opportunity.

Yours truly,

Yolande Wagner  
(Auto Car Care Consultant)

A handwritten signature in black ink, appearing to be "Yolande Wagner", is written over the typed name.
