**To Whom It May Concern**

This letter serves as confirmation that Ride-On South Africa is a preferred supplier of FleetAfrica, a Super Group Company.

Since the introduction of Ride-On CHS into our fleet and as part of our tyre maintenance program, we have noticed the following:

- Improvement in maintaining set pressures on all tyres.
- Improvement in mileage on all tyres.
- Reduction in tyre related breakdowns previously caused by punctures.

We would gladly recommend Ride-On CHS to all fleet owners in South Africa.

Yours truly,

Christo Aucamp  
General Manager
